

Leonardo Angel

Data engineer

About me

Data engineer with experience in programming with Python. Proficient in developing and deploying Machine Learning models. Skilled in data wrangling as well as data visualization. I have used AWS and Snowflake through SQL and Python for data integration and analysis.

Personal

Leonardo Angel
+57 3213187044
Bogotá

Areas of specialization

Python • Data engineering
• AWS • Machine Learning
• Deep Learning • Computer Vision

Interests

Data Engineering
Machine Learning
Distributed systems

LinkedIn

GitHub

SHORT RESUMÉ

2022–Currently

Data engineer

• Quantica BPO

Python, SQL, Snowflake, Machine Learning, AWS, PySpark, Git, Jira

2021–2022

Junior Professional

• Central Bank of Colombia

Python, SQL, Machine Learning, Git, Pytorch, Computer Vision, OpenCV

DEGREES

Currently

MSc Computer Systems Engineering.

• Andes University

2022

Diploma in AI

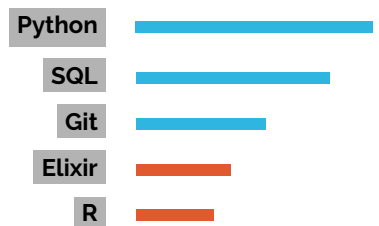

• National University of Colombia

2021

Mathematics

BSc • Engineering school
Julio Garavito Armero

PROGRAMMING

CORE SKILLS

Python & SQL: Proficient in data manipulation and analysis.

Bash & Linux: Skilled in scripting and system administration.

Data Science: Experienced in predictive modeling and statistical analysis.

Data Mining: Proficient in insightful data extraction techniques.

Artificial Intelligence: Knowledge of Machine Learning, Neural Networks and Transformers.

ETL Processes: Experienced in efficient data warehousing and analytics.

PUBLICATIONS

2024 *Safety verification of the Raft Leader election algorithm using Athena, Communications in Computer and Information Science. Springer.*
